FLU SEASON

Dear Residents, **Flu season** usually happens in Texas from the fall through the spring. Older adults are more at risk because our bodies don't fight germs as strongly as before. The flu can make people very sick, but the good news is there are simple ways to stay protected.

How You Can Help Protect Yourself:

- Get your yearly flu shot.
- Wash your hands often with soap and water.
- Cover your coughs and sneezes with a tissue or your elbow.
- Avoid close contact with anyone who feels sick.
- Eat healthy meals and drink plenty of water to keep your body strong.

What We're Doing to Keep You Safe: Our staff members are cleaning and disinfecting often, watching for flu symptoms, and encouraging vaccines for staff and visitors. If you start to feel fever, cough, sore throat, or body aches, please tell a nurse right away. Quick care can help you feel better faster.

Together, we can make this flu season safer for everyone!

October prayer, month of the Holy Rosary and the world's missions/Oración de Octubre, mes del Santo Rosario y las misiones del mundo.

Missionary Rosary

October is the month of the Missionary Rosary, a special time to pray for peace and the expansion of the Gospel throughout the world. Let us remember with affection the missionaries, brave men and women who bring the light of Christ to the most distant corners. May the Virgin Mary accompany and protect them always.

Amen.
